Appointment of Auditors

The Company proposes that KPMG LLP, Chartered Accountants of Vancouver, British Columbia, be appointed as Auditors of the Company for the year ending December 31, 2007 and that the Audit Committee be authorized to fix their remuneration. KPMG LLP has been the Auditors of the Company and its predecessors since 1974. The Audit Committee is satisfied that KPMG LLP meets the relevant independence requirements and is free from conflicts of interest that could impair their objectivity in conducting the Company's audit. The resolution appointing auditors must be passed by a majority of the votes cast by the shareholders who vote in respect of that resolution.

In addition to retaining KPMG LLP to audit the consolidated financial statements of the Company and its subsidiaries for the year ended December 31, 2006, the Company retained KPMG LLP to provide various non-audit services in 2006. The Audit Committee is required to pre-approve all non-audit related services performed by KPMG LLP. The aggregate fees billed for professional services by KPMG LLP and its affiliates during fiscal 2006 and 2005 were as follows:

	<u>Fiscal 2006</u>	<u>Fiscal 2005</u>
Audit Fees.....	\$ 1,143,000	\$ 627,000
Audit-Related Fees	248,000	105,000
Tax Fees.....	575,000	745,000
All Other Fees.....	-	-
Total Fees	\$ 1,966,000	\$ 1,477,000

The nature of each category of fees is as follows:

Audit Fees:

Audit fees were paid for professional services rendered by the auditors for the audit and interim reviews of the Company's consolidated financial statements or services provided in connection with statutory and regulatory filings or engagements.

Audit-Related Fees:

Audit-related fees were paid for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported under the Audit Fees item above.

Tax Fees:

Tax fees were paid for tax compliance, tax advice and tax planning professional services. These services consisted of: tax compliance including the review of original and amended tax returns; assistance with questions regarding tax audits; assistance in completing routine tax schedules and calculations; and tax planning and advisory services relating to common forms of domestic and international taxation (i.e., income tax, capital tax, Goods and Services Tax and Value Added Tax).

The Audit Committee is responsible for the appointment, compensation and oversight of the work of the Company's independent auditor and is required to pre-approve all non-audit related services performed by KPMG LLP. Accordingly, the Audit Committee has adopted a pre-approval policy. The policy outlines the procedures and the conditions pursuant to which permissible services proposed to be performed by KPMG LLP are pre-approved, provides a general pre-approval for certain permissible services and outlines a list of prohibited services.

Amendments to the Stock Option Plan

At the Meeting, shareholders of the Company will be asked to consider and, if deemed advisable, to pass, with or without variation, an ordinary resolution approving amendments to the Company's Stock Option Plan.

The Company has a stock option plan (the "Plan"), adopted as of July 30, 1997 and approved by the then shareholders of the Company under which the Compensation Committee is authorized, at its discretion, to grant options to purchase Common Shares to directors, officers, employees, and consultants of the Company or its subsidiaries. The Plan has a term of 10 years from the date of adoption. The purpose of the Plan is to promote the interests of the Company by providing eligible persons with additional incentive, encouraging stock ownership and increasing the proprietary interest of eligible persons in the success of the Company and assisting the Company in attracting, retaining and motivating its directors, officers and employees. The Plan was amended in 2006 by the Compensation Committee pursuant to the power under the Plan to allow for on-line exercise of options. For a description of the current Plan, see "Securities Authorized for Issuance Under Equity Compensation Plans" on page 19.

The Plan specifies that the maximum number of Common Shares which may be reserved for issuance under the Plan may not exceed 3,000,000 Common Shares (being 9% of total issued and outstanding shares) (taking into account the two-for-one stock split of the Common Shares that occurred on May 4, 2004), of which 1,286,468 Common Shares have been issued, 793,648 Common Shares are reserved for issuance upon exercise of options that have been granted (2% of total issued and outstanding shares) and 919,884 Common Shares (3% of total issued and outstanding shares) remain available for future options to be granted.

The Company wishes to amend and restate the Plan (the "Amended Plan") in order to extend the term of the Plan, to ensure that the Plan is up-to-date and continues to serve its original purpose and to ensure that it conforms with regulatory requirements. The main amendments reflected in the Amended Plan include, without limitation, the following:

- (a) the number of Common Shares that may be issued from and after the effective date of the Amended Plan pursuant to options granted under the Amended Plan has been increased to 3,400,000. This new maximum number will cover Common Shares to be issued upon exercise of all existing issued and outstanding options as well as all future options to be granted under the Amended Plan;
- (b) the term of an option which expires during a "Black Out Period" will be automatically extended and will expire on the fifth business day following the end of such restricted period;
- (c) the maximum percentages of Common Shares (in relation to the number of outstanding and issued Common Shares) available to insiders are outlined;

- (d) a cap is placed on the percentage of Common Shares issued and reserved for issuance to non-employee directors of the Company upon exercise of options;
- (e) the CEO is authorized to grant up to a certain number of options to employees other than to directors and officers;
- (f) the provisions dealing with the manner of adjustment of options in the event of certain corporate actions (such as a subdivision or consolidation of Common Shares, a distribution to shareholders, a fundamental change such as a reorganization, amalgamation or arrangement or a proposed change of control) have been amended and updated; and
- (g) the provisions dealing with amendments have been revised to describe those amendments that may be made by the Compensation Committee and those that may only be made with shareholder approval.

At a meeting held on February 20, 2007, the Board unanimously approved the various amendments (the “Plan Amendments”) to the Plan. These changes are described in greater detail below.

Pursuant to the Plan Amendments it is proposed that the maximum aggregate number of Common Shares issuable under the Amended Plan from and after the date of the Meeting will be 3,400,000 Common Shares, representing approximately 10% of the currently issued and outstanding Common Shares on a fully diluted basis (or 10% on a non-diluted basis), including the 793,648 Common Shares reserved for issuance pursuant to options outstanding and unexercised as at February 21, 2007. As a result, 2,606,352 Common Shares will be available for future grants after giving effect to the Plan Amendments. This reflects a partial replenishment of the Common Shares available for issuance under the Plan, with the new maximum number (covering issuances upon the exercise of existing outstanding options and future options to be granted under the Amended Plan) being fixed at 3,400,000 Common Shares.

Pursuant to the Amended Plan, the Company will continue to grant options to purchase Common Shares to selected employees. The Board considers that stock options are an important element of the Company’s compensation structure. The Board believes that the increased maximum number is desirable in order to permit the Company to continue to accomplish the purposes of the Amended Plan and to provide for future grants of options. Options may be granted by the Compensation Committee; however, under the Amended Plan, the CEO is also authorized to grant a limited number of options pursuant to the delegation of option-granting power under a Company policy. See “Equity-based Compensation Awards Grant Policy” on page 19.

Under a recently adopted policy, the Company has determined not to grant equity awards to non-employee directors until determined otherwise, and under the Amended Plan, the maximum number of Common Shares issued and reserved for issuance to non-employee directors of the Company upon exercise of options must not exceed 1% of the issued and outstanding Common Shares. The number of Common Shares issuable to “Insiders” under the Amended Plan, when combined with the Company’s other security-based compensation arrangements, within any one-year period cannot exceed 10% of the issued and outstanding Common Shares and the number of Common Shares issuable to “Insiders” at any time cannot exceed 10% of the issued and outstanding Common Shares. This amendment brings the Amended Plan in line with TSX requirements with respect to eligibility of insiders to vote their securities in respect of security holder approval required for security based compensation arrangements. In addition, the definition of “Insider” has been revised in the Amended Plan to reflect updates in securities legislation.

The Amended Plan has also been revised to take into account the Company’s policy with respect to making grants only during specific trading windows. If the expiry date of an option falls during a “Black Out Period”, the expiry date will be extended to the fifth business day following the expiry of such period.

Options will vest in accordance with the provisions of the Option Agreement in respect of the specific option. The exercise price will generally be determined by reference to the closing market price of the Common Shares on the NYSE on the date of grant.

Under the Amended Plan, each option will expire on the date determined by the Compensation Committee and specified in the applicable Option Agreement, as provided in the Amended Plan. Generally, the form of Option Agreement to be used in conjunction with the Amended Plan provides that an optionee may exercise his or her options prior to the date stated in the Option Agreement (generally ten years from the date of grant) subject to the following:

- (a) in the event that the optionee retires or resigns his or her office of employment (unless terminated as set out below under paragraph (c)) or the optionee's contract as consultant is terminated at the end of its term, the option will expire 30 days after the Termination Date (as defined in the form of Option Agreement to be used in conjunction with the Amended Plan);
- (b) in the event that the optionee's employment with the Company is terminated without cause or where a consultant's contract is terminated other than due to expiry of its term or for cause (unless terminated as set out below under paragraph (c)), the option will expire 30 days after the Termination Date;
- (c) in the event that the optionee ceases to be an "Eligible Person" under the Amended Plan as a result of his or her termination for cause or as a result of the termination of his or her contract as a consultant for cause, the option will expire immediately; and
- (d) in the event of the death of the optionee, the option will expire on the date which is 180 days after the date of death of the optionee.

The extension of an early expiry date coinciding with a "Black Out Period" applies in the event of early termination of the optionee except in the event of a termination for cause under paragraph (c) above.

Options granted under the Amended Plan are not transferable or assignable and may be exercised only by the optionee or, in the event of the death of the optionee or the appointment of a committee or duly appointed attorney of the optionee or of the estate of the optionee on the grounds that the optionee is incapable, by reason of physical or mental infirmity, of managing its affairs, by the optionee's legal representative or such committee or attorney, as the case may be.

The Amended Plan includes customary anti-dilution provisions (for example, in the event of a subdivision or consolidation of Common Shares) for the benefit of optionees. In addition, if there is a change of control (which includes an acquisition of more than 50% of the Company's then issued and outstanding shares, an amalgamation, arrangement or business combination or a sale of all or substantially all of the property of the Company), the Compensation Committee may, in its sole discretion, determine the manner in which all unexercised options granted under the Amended Plan will be treated. For example, the Compensation Committee may elect to accelerate the vesting of any or all outstanding options immediately prior to completion of a change of control, subject to applicable regulatory approval, and may determine that outstanding options are to be purchased by the Company or the new control person for a price determined based on the consideration paid in the applicable transaction.

The Compensation Committee will have the rights to suspend, amend or terminate the Amended Plan without approval of optionees or shareholders (provided that no such suspension, amendment or termination will materially prejudice the rights of any optionee under any previously granted option without the consent or deemed consent of such optionee), including, without limitation:

- (a) to avoid any additional tax on optionees under Section 409A of the United States Internal Revenue Code or other applicable tax legislation;
- (b) changing the eligibility for and limitations on participation in the Amended Plan (other than participation by non-employee directors in the Amended Plan);
- (c) making any addition to, deletion from or alteration of the provisions of the Amended Plan that are necessary to comply with applicable law or the requirements of any regulatory authority or stock exchange;
- (d) making any amendment of a typographical, grammatical, administrative or clerical nature, or clarification correcting or rectifying any ambiguity, defective provision, error or omission in the Amended Plan; and

- (e) changing the provisions relating to the administration of the Amended Plan or the manner of exercise of the options, including:
 - i. changing or adding any form of financial assistance provided by the Company to the participants that would facilitate purchase of Common Shares under the Amended Plan; and
 - ii. adding provisions relating to a cashless exercise (which will provide for a full deduction of the underlying Common Shares from the maximum number reserved under the Amended Plan for issuance).

Notwithstanding the foregoing powers of amendment accorded the Compensation Committee, none of the following amendments to the Amended Plan may be made without shareholder approval:

- (a) any increase in the maximum number of Common Shares that may be issued pursuant to the exercise of options granted under the Amended Plan;
- (b) any reduction in exercise price or cancellation and reissue of options;
- (c) any amendment that extends the term of an option beyond the original expiry date;
- (d) if at any time, the Amended Plan is further amended to exclude participation by non-employee directors, any amendment to “Eligible Participants” that may permit the introduction or reintroduction of non-employee directors on a discretionary basis;
- (e) any amendment that increases limits previously imposed on non-employee director participation;
- (f) any amendment which would permit equity based awards granted under the Amended Plan to be transferable or assignable other than for normal estate settlement purposes;
- (g) any amendment to increase the maximum limit of the number of securities that may be:
 - (i) issued to insiders of the Company within any one year period; or
 - (ii) issuable to insiders of the Company at any time;under the Amended Plan, or when combined with all of the Company’s other security based compensation arrangements, which could exceed 10% of the total issued and outstanding Common Shares of the Company, respectively;
- (h) adding provisions relating to a cashless exercise (other than a surrender of options for cash) which does not provide for a full deduction of the underlying Common Shares from the maximum number reserved under the Amended Plan, for issuance; and
- (i) any amendment to the amending provisions of the Amended Plan.

Section 422 of the United States Internal Revenue Code, as amended, and the regulations thereunder, require that in order for options to qualify for the United States income tax treatment applicable to “incentive stock options”, they must be awarded under a plan approved by the shareholders that specifically includes the maximum aggregate number of shares that may be issued under “incentive stock options.” By including the fixed maximum number of 3,400,000, the Company has complied with this requirement. The Amended Plan also contains other provisions that allow for the grant of “incentive stock options” and “nonqualified stock options” as defined under the U.S. Internal Revenue Code.

The Amended Plan also includes other housekeeping and clerical amendments, such as the updating of statutory references and insertion of certain defined terms, for consistency of language and correctness.

To date, no options have been granted under the Amended Plan and no options will be granted under the Amended Plan prior to approval of the Amended Plan by shareholders.

The Plan Amendments are reflected in the Amended Plan. A copy of the Amended Plan will be tabled at the Meeting, and will be provided to any shareholder upon request from the Corporate Secretary of the Company at 6500 River Road, Richmond, British Columbia, V6X 4G5, telephone (604) 273-7564, prior to the day of the Meeting.

Under the requirements of the Toronto Stock Exchange, the Plan Amendments and the Amended Plan must be approved by the shareholders of the Company. Consequently, at the Meeting shareholders will be asked to consider and, if deemed appropriate, pass an ordinary resolution ratifying and approving the Plan Amendments and approving the Amended Plan. The text of the proposed resolution is set out in Schedule "A". This resolution must be passed by a simple majority of the votes cast by shareholders entitled to vote in person or by proxy at the Meeting. It is intended that all proxies received by the Company will be voted in favour of the Plan Amendments and the Amended Plan, unless a proxy contains express instructions to vote against the Plan Amendments and the Amended Plan. The Board of the Company recommends that shareholders vote in favour of amending the Plan.

Adoption of Shareholder Rights Plan

Effective February 22, 2007, the Board of Directors of the Company adopted a shareholder rights plan agreement, with Computershare Investor Services Inc. as rights agent (the "Rights Plan"). The Rights Plan has the following main objectives:

- to provide the Board time to consider value-enhancing alternatives to a take-over bid and to allow competing bids to emerge;
- to ensure that shareholders of the Company are provided equal treatment under a take-over bid; and
- to give adequate time for shareholders to properly assess a take-over bid without undue pressure.

At the Meeting, shareholders will be asked to consider, and if thought fit, to pass an ordinary resolution to approve the adoption of the Rights Plan, a copy of which is available upon request from the Corporate Secretary of the Company at 6500 River Road, Richmond, British Columbia, V6X 4G5, telephone (604) 273-7564, or from the Company's public disclosure documents found on SEDAR at www.sedar.com or on the U.S. Securities and Exchange Commission (SEC) EDGAR database at www.sec.gov.

The Board has considered the terms of a number of recently adopted or amended shareholder rights plans and the experience of other Canadian public companies in the context of an actual take-over bid where a shareholder rights agreement was in place, and has determined that it is in the best interests of the Company to adopt the Rights Plan. The Rights Plan is designed to maximize shareholder value and protect shareholders' interests in the event of an acquisition that may result in a change of control. The Rights Plan is not intended to prevent take-over bids that treat shareholders fairly, and the Rights Plan has not been adopted in response to any proposal to acquire control of the Company.

Summary of the Principal Terms of the Rights Plan

The following is a summary of key terms of the Rights Plan. **This summary is qualified in its entirety by reference to the full text of the Rights Plan, which is available upon request from the Corporate Secretary of the Company as indicated above or from the Company's public disclosure documents found on SEDAR at www.sedar.com or on the SEC's EDGAR database at www.sec.gov. Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Rights Plan.**

Issue of Rights

On February 22, 2007, the Company issued one right (a "Right") in respect of each Common Share outstanding at the close of business on that date (the "Record Time"). The Company will issue Rights in respect of each Common Share issued after the Record Time but prior to the earliest of the Separation Time (as defined below) and the redemption of the Rights pursuant to the Rights Plan or termination of the Rights Plan as described below.

Rights Certificates, Trading and Transferability

Before the Separation Time, the Rights will be evidenced by the certificates representing Common Shares and will not be transferable separate from the Common Shares. Accordingly, the surrender for transfer of any certificate representing Common Shares will also constitute the surrender for transfer of the Rights associated with such Common Shares. From and after the Separation Time, the Rights will be evidenced by separate Rights certificates.

Acquiring Person

An Acquiring Person is a person that Beneficially Owns 20% or more of the outstanding Common Shares. An Acquiring Person does not, however, include the Company or any Subsidiary of the Company, or any person that becomes the Beneficial Owner of 20% or more of the Common Shares as a result of certain exempt transactions. These exempt transactions include where any person becomes the Beneficial Owner of 20% or more of the Common Shares as a result of, among other things: (i) specified acquisitions of securities of the Company, (ii) acquisitions pursuant to a Permitted Bid or Competing Permitted Bid (as described below), (iii) specified distributions of securities of the Company, and (iv) certain other specified exempt acquisitions. An Acquiring Person also does not include any Person that owned 20% or more of the outstanding Common Shares at the Record Time unless that person increases its percentage interest in the Common Shares other than pursuant to one of the previously mentioned transactions.

Separation Time

Rights are not exercisable before the Separation Time. "Separation Time" means the close of business on the tenth trading day after the earliest of:

- (a) the first date of public announcement that a person has become an Acquiring Person, as defined below (the "Stock Acquisition Date");
- (b) the date of the commencement of, or first public announcement of, the intent of any person (other than the Company or any of its subsidiaries) to commence a Take-over Bid, as defined in the Rights Plan (other than a Permitted Bid or a Competing Permitted Bid, as defined below), which is generally an offer for outstanding Common Shares that could result in the offeror becoming the beneficial owner of 20% or more of the Company's outstanding Common Shares; and
- (c) the date on which a Permitted Bid or Competing Permitted Bid ceases to be such;

or such later time as may be determined by the Board, in good faith, provided that if any bid referred to above expires or is cancelled, terminated or otherwise withdrawn prior to the Separation Time, such offer shall be deemed never to have been made.

Exercising Rights at such time until the tenth trading day after the first public announcement of the occurrence of a "Flip-in Event" will entitle the holder to purchase one Common Share at the exercise price (the "Exercise Price"), which shall equal three times the market price per Common Share determined at the Separation Time, subject to subsequent adjustment in accordance with the Rights Plan.

Exercise of Rights

After the close of business on the tenth trading day after the first public announcement of the occurrence of a "Flip-in Event", which is a transaction or event pursuant to which any person becomes an Acquiring Person, each Right will entitle the holder thereof to receive upon exercise of the Right that number of Common Shares equal to twice the Exercise Price. However, any Rights beneficially held by an Acquiring Person, including its affiliates, associates and joint actors, or the transferee of any such person, will become null and void. Accordingly, such persons will be unable to transfer or exercise any Rights.

Until a Right is exercised, the holder of the Right will have no rights as a Company shareholder solely with respect to that Right.

In lieu of the issuance of fractional shares upon the issuance of any Rights, the Company will make cash payments based on the market price of such shares in amounts exceeding U.S.\$10.00.

Acquisitions that require shareholder approval or for which the Board has waived application of the Rights Plan as described below, or acquisitions pursuant to a Permitted Bid or a Competing Permitted Bid are among the transactions that do not constitute “Flip-in Events”.

Permitted Bids

Under the Rights Plan, those bids that meet certain requirements intended to protect the interests of all shareholders are deemed to be “Permitted Bids”. Permitted Bids are offers to acquire Common Shares made by way of a take-over circular and where the Common Shares subject to the offer (together with shares owned by the offeror and its affiliates, associates and joint actors) constitute 20% or more of the outstanding Common Shares, and which also comply with the following conditions:

- (a) the bid is made to all registered holders of Common Shares (other than Common Shares owned by the offeror);
- (b) the bid provides that no Common Shares will be taken up or paid for pursuant to the bid before the close of business on the date that is not less than 60 days following the date the take-over bid circular is sent to holders of Common Shares, and that no Common Shares will be taken up or paid for unless at such date more than 50% of the outstanding Common Shares held by shareholders other than the offeror and certain related parties have been deposited pursuant to the bid and not withdrawn;
- (c) the bid provides that any Common Shares may be deposited to and withdrawn from the take-over bid at any time before such Common Shares are taken up and paid for; and
- (d) the bid provides that, in the event that more than 50% of the outstanding Common Shares are deposited and not withdrawn as described in clause (b) above, the offeror will make a public announcement of that fact and the bid shall remain open for an additional ten business days from the date of such announcement for the deposit and tender of additional Common Shares.

A “Competing Permitted Bid” is a take-over bid that is made after a Permitted Bid or other Competing Permitted Bid has been made and prior to the expiration of such prior bid, and that satisfies the definition of “Permitted Bid” except that Common Shares under such bid may not be taken up or paid for until a date that is no earlier than the later of: (i) the earliest date that Common Shares may be taken up and paid for under any prior Permitted Bid or other Competing Permitted Bid outstanding on the date of commencement of such bid; and (ii) 35 days after the commencement of the Competing Permitted Bid.

Protection Against Dilution

The Rights Plan contains detailed provisions regarding adjustments to the exercise price, the number and nature of the securities that may be purchased upon exercise of Rights and the number of Rights outstanding to prevent dilution in the event of certain declarations of dividends, subdivisions or consolidations of outstanding Common Shares, issuances of Common Shares (or other securities or rights) in respect of or in lieu of or in exchange for existing Common Shares or other changes in the Common Shares.

Redemption

At any time prior to the occurrence of a Flip-in Event, the Board may (subject to the prior consent of shareholders by a majority vote), at its option, elect to redeem all but not less than all of the then-outstanding Rights at a redemption price of \$0.000001 per Right, subject to adjustment.

Waiver

The Board, acting in good faith, may waive application of the Rights Plan to any prospective Flip-In Event which would occur by reason of a take-over bid made by a take-over bid circular to all registered holders of Common Shares. However, if the Board waives the Rights Plan for a particular bid, it will be deemed to have waived the Rights Plan for any other take-over bid made by take-over bid circular to all registered holders of Common Shares before the expiry of the first bid. The Board may also waive the application of the Rights Plan for any Flip-In Event if it has determined that the Acquiring Person became an Acquiring Person through inadvertence, conditional upon such person reducing its beneficial ownership below 20% of the Company's outstanding Common Shares, generally within 14 days of the Board making such determination.

Amendments

Except for minor amendments to correct any clerical or typographical errors and amendments to maintain the validity of the Rights Plan as a result of a change of law or regulatory requirements, majority shareholder approval is required for amendments to the Rights Plan before the Separation Time, after which the approval of holders of Rights is required.

Term

If the Rights Plan is not adopted at the Meeting, it will automatically terminate and the Rights issued under it will become void. If the Rights Plan is adopted at the Meeting, it will expire at the termination of the Company's annual meeting in 2010 unless extended upon reconfirmation as described below. For the term of the Rights Plan to be extended, the Rights Plan must be reconfirmed by a resolution passed by a majority of the votes cast by all holders of Common Shares who vote in respect of such reconfirmation at the annual meeting of the Company held in 2010 and at every third annual general meeting of the Company thereafter.

Canadian Federal Income Tax Consequences

*The following discussion generally summarizes certain Canadian federal income tax consequences of the issuance of Rights. This discussion is not intended to be, nor should it be construed to be, legal or tax advice. This summary is not exhaustive of all possible Canadian federal income tax consequences and does not anticipate any changes in law, whether by legislative, governmental or judicial action, nor does it take into account provincial, territorial or foreign income tax legislation or considerations. **This summary is of a general nature only and holders of Common Shares should consult their own tax advisors with respect to their particular circumstances.***

The Company has not received any income for Canadian federal income tax purposes as a result of the issuance of the Rights. Generally, the value of a right, if any, to acquire additional shares of a company is not a taxable benefit to a common shareholder of the Company under the *Income Tax Act* (Canada) (the "Act") and is not subject to non-resident withholding tax under the Act if identical rights are conferred on all owners of Common Shares at that time. While the Rights are conferred on all owners of Common Shares, the Rights may become void in the hands of certain shareholders upon the occurrence of certain triggering events. Whether the issuance of the Rights to shareholders of the Company will be deemed to be a taxable benefit which is required to be included in computing their income or subject to non-resident withholding tax is not therefore free of doubt, but only the amount or value of such benefit must be included in computing income. The Company considers the Rights to have had no monetary value at their date of issue. Where Rights are disposed of (other than on the exercise thereof), either separately or by virtue of the disposition of the Common Shares to which they are attached, holders thereof may be subject to tax in respect of the proceeds, if any, allocable to such Rights.

The foregoing does not address the Canadian income tax consequences of other events such as the separation of the Rights from the Common Shares, the occurrence of a Flip-in Event or the redemption of Rights. Shareholders are encouraged to consult their own tax advisors if they have questions with respect to such tax consequences and their personal circumstances.

United States Federal Income Tax Consequences

The following discussion generally summarizes certain United States federal income tax consequences of the issuance of Rights. This discussion is not intended to be, nor should it be construed to be, legal or tax advice. This summary is not exhaustive of all possible United States federal income tax consequences and does not anticipate any changes in law, whether by legislative, governmental or judicial action, nor does it take into account any state, local or foreign income tax considerations. This summary is of a general nature only and holders of Common Shares should consult their own tax advisors with respect to their particular circumstances.

Because the possibility of the Rights becoming exercisable is both remote and speculative, the adoption of the Rights Plan will not give rise to the realization of gross income by any holder of Common Shares for United States federal income tax purposes. Where Rights are disposed of (other than on the exercise thereof), either separately or by virtue of the disposition of the Common Shares to which they are attached, holders thereof may be subject to tax in respect of the proceeds, if any, allocable to such Rights.

The foregoing does not address the United States federal income tax consequences of other events, such as the separation of the Rights from the Common Shares, the occurrence of a Flip-in Event or the redemption of Rights. Shareholders may recognize gross income for United States federal income tax purposes in connection with these events. Shareholders are encouraged to consult their own tax advisors if they have questions with respect to such tax consequences and their personal circumstances.

Voting of Proxies and Recommendation of Board

It is intended that all proxies received by the Company will be voted in favour of the adoption of the Rights Plan, unless a proxy contains express instructions to vote against the Rights Plan. The Rights Plan will continue in effect only if it is approved by greater than 50% of the votes cast by shareholders present in person or by proxy at the Meeting. The text of the resolution approving the Rights Plan is set forth in Schedule "B" hereto. If the Rights Plan is not approved by shareholders at the Meeting it will terminate and the Rights issued under it will be void.

The Board of Directors of the Company recommends that shareholders vote in favour of the resolution approving the Rights Plan.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

None of the directors or senior officers of the Company, none of the persons who have been directors or senior officers of the Company since January 1, 2006 and no associate or affiliate of any of the foregoing has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter scheduled to be acted upon at the Meeting other than as disclosed elsewhere in this Information Circular.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as set out herein, no "informed person" (as defined under Multilateral Instrument 51-102) of the Company, any proposed director of the Company or any associate or affiliate of such persons, has had or has any material interest, direct or indirect, in any transaction since January 1, 2006 or in any proposed transaction which, in either case, has materially affected or will materially affect the Company or any of its subsidiaries.

During the 12-month period ended December 31, 2006, the Company paid approximately U.S.\$0.7 million to D.E.R. Resorts Ltd. ("Resorts"), a company controlled by David E. Ritchie, the former Chairman of the Company's Board of Directors who retired effective November 30, 2006. The costs were incurred pursuant to agreements, approved by the Board, by which Resorts agreed to provide meeting rooms, accommodations, meals and recreational activities at its facilities on Stuart Island in British Columbia, Canada, for certain of the Company's customers and guests. The agreements set forth the fees and costs per excursion, which were based on market prices for similar types of facilities and excursions. The Company has entered into similar agreements with Resorts in the past and intends to do so in the future.

Executive Long Term Incentive Plan

The Company's executive long term incentive plan (the "ELTIP") encourages senior employees and officers of the Company to use performance bonus payments to purchase and hold Common Shares through the administrator of the plan. Under the ELTIP, a participant may choose to contribute up to 100% of his performance bonus to the ELTIP and the administrator will use such contribution to purchase Common Shares in open market purchases on the NYSE during a specific period within the first trading window of the relevant fiscal year, as provided for under the Company's Policy Regarding Securities Trades by Company Personnel. The Common Shares so purchased will be held by the administrator for the participant and the participant agrees not to withdraw any Common Shares so held by the administrator unless a certain event occurs or certain conditions are satisfied (e.g. the termination, retirement or resignation of the participant). Under the ELTIP, the Company agrees to pay to participants an additional cash bonus award that equals the amount of their contributions under the ELTIP that year, subject to a maximum payment of U.S.\$100,000 for the Named Executive Officers.

The ELTIP does not involve any issuance of Common Shares from the Company. The Company has also adopted share ownership guidelines, pursuant to which participants in the ELTIP are required to hold Common Shares with a value at least equal to a certain multiple of their base salary. The multiple of the base salary that is required of participants in the ELTIP depends on the participant's seniority with the Company, and ranges from one time salary to three times salary.

The Company believes that this plan, together with the Share Ownership Guidelines adopted by the Company, will facilitate the alignment of the interests of the senior employees and officers of the Company with those of the shareholders by promoting ownership of Common Shares of the Company by senior employees and officers and rewarding the creation of shareholder value over the long term.

Termination of Employment, Changes in Responsibility and Employment Contracts

The Company, through wholly-owned operating subsidiaries, has an employment agreement with each of the Named Executive Officers. All such employment agreements may be terminated with eight weeks notice (or less in certain circumstances) or payment in lieu thereof.

Composition of the Compensation Committee

The Compensation Committee of the Company consists of Messrs. Croft, Murdoch and Cmolik. Mr. Cmolik was employed by the Company in the position of President and Chief Operating Officer until his retirement in July 2002. The Board has determined that all three members of the Compensation Committee are independent directors (as defined under applicable securities legislation).

Report on Executive Compensation

The Company's policy with respect to the compensation of the Chief Executive Officer and the other Named Executive Officers and other officers of the Company is based upon the principles that total compensation must: (1) be competitive in order to help attract and retain the talent needed to lead and grow the Company's business; (2) provide a strong incentive for executives and key employees to work towards the achievement of the Company's goals; and (3) ensure that the interests of management and the Company's shareholders are aligned.

The total compensation paid to each of the Chief Executive Officer and the other Named Executive Officers of the Company consists primarily of base salary and a bonus based on the financial performance of the Company. The Named Executive Officers also receive annual option grants in accordance with the Company's stock option plan and are entitled to participate in the Company's ELTIP. The imputed value of options granted is considered in the determination of total compensation, as is the value of benefits and any other perquisites received by a particular individual. The Company does not have a predetermined relative emphasis for each of the various components of compensation.

Base salary levels for the Named Executive Officers have been determined primarily on the basis of (i) the Compensation Committee's review of the Chief Executive Officer's assessment of each Named Executive Officer's performance during the prior year and (ii) the Compensation Committee's understanding of normal and appropriate salary levels for executives with responsibilities and experience comparable to that of the Named Executive Officers of the Company. In making such determination, external sources are consulted when deemed necessary by the Compensation Committee. In February 2007, the Committee retained the services of Mercer Consulting to conduct a formal review of the Company's executive compensation arrangements. Mercer concluded that the Company's compensation programs are in line with comparable companies and result in total cash compensation to the Named Executive Officers that is 4% behind the market median for similar positions.

The Chief Executive Officer's base salary has been determined after considering the salary levels of other executives with similar responsibilities and experience and after general discussions with outside advisors, including Mercer Consulting. The Chief Executive Officer's base salary was compared to salary levels of comparable executives at a variety of companies, with particular emphasis on industrial equipment manufacturers and distributors. The Company has not had pre-established factors and criteria upon which the Chief Executive Officer's total compensation is based. In light of the fact that a new Chief Executive Officer was appointed during 2004, the Committee undertook a fresh investigation of the available information before arriving at the current CEO salary structure.

Base salary levels for the other Named Executive Officers are benchmarked against salary levels of senior operational management located in the Company's regional and divisional offices. Operational management salaries are determined in accordance with a compensation plan that considers both objective factors such as sales volume and profitability and subjective factors. The Company started using a balanced scorecard system in 2006 for the purposes of determining operational management's performance.

Awards of executive bonuses depend upon whether the Company has met pre-tax earnings targets established by the Compensation Committee and approved by the Board of Directors. The pre-tax earnings target for the purposes of the 2006 bonus calculation was \$82.5 million. At that level, the bonus pool available to the participants would have been equal to 50% of their combined base salaries. The amount of such bonuses is not subject to any minimum amount but is subject to a maximum of 150% of the combined base salaries of the participants. The amounts of the executive bonus awards are linked directly to a formula that provides bonus amounts that increase as pre-tax earnings (adjusted to exclude amounts not considered part of the Company's normal operations) approach the target level and accelerated amounts if adjusted pre-tax earnings exceed the target level. A similar formula is used to calculate a portion of the CEO's annual bonus award. The Compensation Committee undertook a formal evaluation process involving interviews with members of senior management to determine the remainder of the CEO's bonus in 2006.

The CEO and other Named Executive Officers, as well as all participants in the Company's ELTIP, are subject to share ownership guidelines that specify the dollar value of Company stock required to be held by all participants. The values are determined as a multiple of each participant's base salary. The share ownership guidelines in effect in 2006 were as

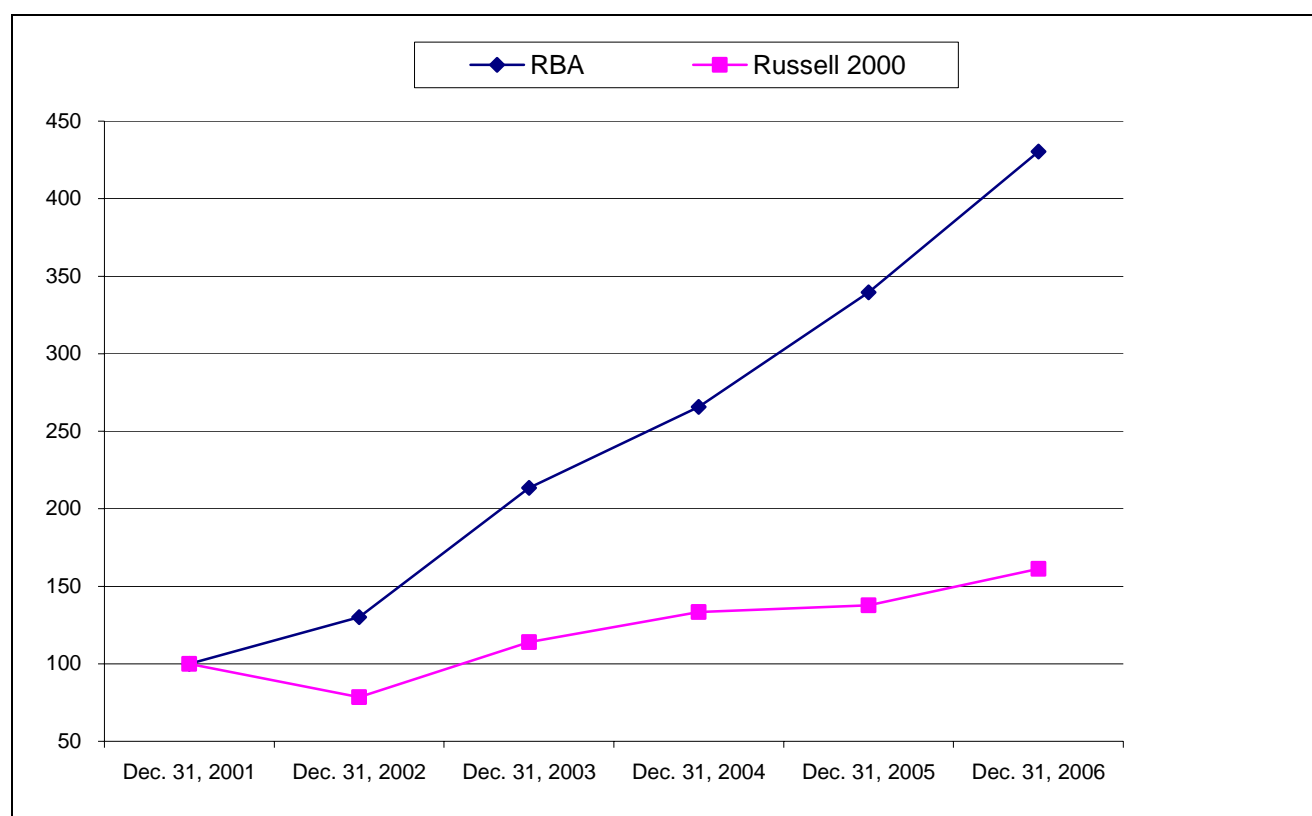

follows: members of the Executive Council, including the Named Executive Officers, were required to hold Company stock with a cost of three times their base salary at February 1, 2006 and all Vice-Presidents of the Company were required to hold Company stock with a cost of two times their base salary at February 1, 2006.

Equity-based Compensation Awards Grant Policy

The Company's Board of Directors has adopted a Stock Option Granting Policy (the "Policy"), the terms of which establish guidelines for the granting of options to purchase Company stock to the Named Executive Officers and other employees of the Company. Under the provisions of the Policy, only the Compensation Committee of the Company's Board of Directors can authorize the granting of stock options to the Named Executive Officers and other executives of the Company. The Policy establishes an annual date for the granting of stock options, which falls on the fifth business day following the release of the Company's results for the most recently completed fiscal year. The Policy prohibits the granting of stock options during black out periods, as defined in the Company's Policy Regarding Securities Trades by Company Personnel. The Compensation Committee has delegated to the CEO the authority to grant options to purchase up to 50,000 common shares of the Company per year to Company employees, provided no one individual is granted more than 15,000 options and provided options are not granted to employees at the Vice-President and above level. Option grants by the CEO must fall within the Company's established trading windows. All stock options granted in accordance with the Policy must have an exercise price equal to the closing price of the Company's common stock on the New York Stock Exchange on the date of grant.

That person need not be a shareholder of the Company.

A shareholder who has given a proxy may revoke it by: (a) signing a proxy bearing a later date and depositing it as provided under "Deposit of Proxy" below; (b) signing and dating a written notice of revocation (in the same manner as required for the enclosed form of proxy to be executed, as set out under "Validity of Proxy" below) and delivering such notice to the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting or to the Chairman of the Meeting on the day of the Meeting; (c) attending the Meeting in person and registering with the scrutineer thereat as a shareholder present in person and signing and dating a written notice of revocation; or (d) any other manner permitted at law. Any such revocation will have effect only in respect of those matters upon which a vote has not already been cast pursuant to the authority conferred by a previously deposited proxy.

Voting of Shares Represented by Proxy

A proxy in the form of the enclosed form of proxy will confer discretionary authority upon the proxyholder named therein with respect to the matters identified in the enclosed Notice of Meeting and in the form of proxy for which no choice is specified (and with respect to amendments and variations thereto and any other matter that may properly be brought before the Meeting).

If the instructions as to voting indicated on a proxy in the enclosed form and deposited as provided for herein are certain, all of the shares represented by such proxy will be voted or withheld from voting in accordance with the instructions of the shareholder on any ballot that may be called for. If the shareholder specifies a choice in the proxy as to how his shares are to be voted with respect to any matter to be acted upon, the shares will be voted accordingly.

If no choice is specified by a shareholder in a proxy in the form of the enclosed form of proxy and one of the persons named in the enclosed form of proxy is appointed as proxyholder, the shares represented by the proxy will be voted "FOR" each of the other matters identified therein.

Amendments or Variations and Other Matters

Management of the Company is not now aware of any amendments to or variations of any of the matters identified in the enclosed Notice of the Meeting nor of any other matter which may be brought before the Meeting. **However, a proxy in the form of the enclosed form will confer discretionary authority upon a proxyholder named therein to vote on any amendments to or variations of any of the matters identified in the enclosed Notice of Meeting and on any other matter which may properly be brought before the Meeting in respect of which such proxy has been granted.**

Validity of Proxy

A form of proxy will not be valid unless it is dated and signed by the shareholder or by the shareholder's attorney duly authorized in writing. In the case of a shareholder that is a corporation, a proxy will not be valid unless it is executed under its seal or by a duly authorized officer or agent of, or attorney for, such corporate shareholder. If

a proxy is executed by an attorney or agent for an individual shareholder, or by an officer, attorney, agent or authorized representative of a corporate shareholder, the instrument empowering the officer, attorney, agent or representative, as the case may be, or a notarial copy thereof, must be deposited along with the proxy.

A vote cast in accordance with the terms of a proxy will be valid notwithstanding the previous death, incapacity or bankruptcy of the shareholder or intermediary on whose behalf the proxy was given or the revocation of the appointment, unless written notice of such death, incapacity, bankruptcy or revocation is received by the Chairman of the Meeting at any time before the vote is cast.

Deposit of Proxy

In order to be valid and effective, an instrument appointing a proxy holder must be deposited with Computershare Trust Company of Canada, Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting or any adjournment thereof.

Non-registered Shareholders

Non-registered shareholders whose shares may be registered in the name of a third party, such as a broker or trust company, may exercise voting rights attached to shares beneficially owned by them. Applicable securities laws require intermediaries to seek voting instructions from non-registered shareholders. Accordingly, unless a non-registered shareholder has previously instructed their intermediaries that they do not wish to receive materials relating to shareholders' meetings, non-registered shareholders should receive or have already received from their intermediary either a request for voting instructions or a proxy form. Intermediaries have their own mailing procedures and provide their own instructions. These procedures may allow voting by telephone, on the Internet, by mail or by fax. If non-registered shareholders wish to attend and vote the shares owned by them directly at the Meeting, such non-registered holders should follow the procedure in the directions and instructions provided by or on behalf of the intermediary. For example, they can insert their name in the space provided on the request for voting Instructions or proxy form or request a form of proxy which will grant the non-registered holder the right to attend the meeting and vote in person. Non-registered shareholders should carefully follow the directions and instructions of their intermediary, including those regarding when and where the completed request for voting instructions or form of proxy is to be delivered.

Only registered shareholders as of March 2, 2007 (the record date for voting at the Meeting) have the right to vote in person at the Meeting or to execute, deliver or revoke a proxy with the Company in respect of voting at the Meeting.

The Company has not sent any proxy-related materials that solicit votes or voting instructions directly to any non-registered shareholders. Non-registered shareholders who wish to vote or change their vote must, in sufficient time in advance of the Meeting, arrange for their intermediaries to make necessary voting arrangements, change the vote and if necessary revoke the relevant proxy.
